URW-295 (2.9t x 1.4m)

CRANE SPECIFICATIONS

MINI SPIDER CRANE

The URW-295 is the first mini crane available in Europe narrow enough to allow access through a standard doorframe,

but with almost 3 tonnes of lifting power. It also leads the way technically with an array of innovative safety features including a computer-controlled, intelligent voice warning system and the unique UNIC pressure compensation proportional valve, which allows multi-function radio remote control operation.

Crane capacity	capacity:	2.9t x 1.4m
Max working radius	тах:	8.41m
Max lifting height		8.8m (9.8m with fly jib, 10.47m with fixed hook)
Rope length	approx:	14.12m (4 fall), 29.24m (2 fall), 59.47m (1 fall)
	max:	
Dimensions	folded:	2690mm (2905mm diesel & electrical dual) (I) x 600mm (w) x 1375mm (h)
Weight	unladen:	1850kg (1950kg with electric option, 1920kg with diesel option, 2090kg with diesel and electric dual option)
Point loadings	Due to the many variable	s involved, point loadings are only available on request
Hook speed	approx:	10m/min (with 4 layers and 4 falls)
Telescopic system	boom length:	2.53 - 8.65m
	telescoping speed:	6.12m/20 seconds
	boom type:	5 section hydraulically telescoping boom, hexagonal box construction
Derricking angle/speed	approx:	0 - 78*/11 seconds
Slewing angle/speed	approx:	360° (continuous) 1.5min rpm
Traction system	drive: travel speed: gradability:	hydrostatic, stepless forward and reverse 0 - 2.3km/h 20*
	track ground length: track ground pressure: track width:	
Engine	manufacturer: fuel: maximum output: starting method: tank capacity:	Mitsubishi (Kubota diesel) petrol with LPG and electric options, diesel with electic option 9.6kW (13PS) / 2000min rpm electric and recoil start as standard 6 litres petrol, 9 litres diesel
Electric motor	power: voltage:	3.7kW 400v AC 50/60Hz
Battery crane option	weight: voltage:	2100kg 48v 3.7kW (AC induction motor with controller and on-board charger)
Standard equipment	computer controlled intel	ment limiter (safe load indicator), radio remote control, overwinding alarm, Iligent voice warning system, multi-function operation by radio remote control, ion, automatic hook stow, overload warning alarms, overload warning lamps,
Optional equipment	low marking tracks, slew	ook block, LPG dual power, mains electric dual power (400v), diesel engine, limitation, searcher hook small 300kg, searcher hook 700kg, fly jib 700kg with note control with feedback display (with i3000 SLI) and data logging
